PHOTO CONTEST | BUNKERZOOM | ATLANTIC WALL EUROPE | 16 December 2020 – 31 March 2021

Who is not familiar with them? Bunkers in the landscape, hidden under the sand or overgrown by nature. They are a remnant of war and an important heritage. They are reminiscent of modern architecture or have become 'splendid' ruins. Sometimes they are a canvas for graffiti art or the subject of Urbex photography. They are an interesting decor for children to play in and around, and for artists to focus their creative energy on.

If you like photography or if you think bunkers are awesome, then you should participate in the Bunkerzoom Atlantic Wall Europe photo contest. Just go out and look for hidden treasures all over Europe and create your own image of this bunker heritage. Post your photograph on Facebook or Instagram using hashtags #bunkerzoom #atlantikwalleurope and #europeforculture. If you want to participate, please be sure to read the rules and regulations first. You can find these on the websites www.atlantikwalleurope.eu and www.raversyde.be.

Your work will be evaluated by a jury of professionals. The best 5 photographs will win a GoPro Hero 9 Black. In 2021, your photograph will shine at the photo exhibition on the Atlantikwall Raversyde (Ostend, Belgium) and in a postcard publication that comes in an exclusive cover. Your photograph will also be displayed at exhibitions in France (Normandy) and the Netherlands.

Bunkerzoom is partly subsidized within the framework of the Creative Europe programme of the European Union.
